

Diagram illustrating a DNA double helix structure. The top strand (5' to 3') has the sequence: A-G-U-U-G-G-G-A-A-A-A-A-G-A-A-A-G-A-A-A. The bottom strand (3' to 5') has the sequence: U-C-A-A-C-C-C-U-U-U-C-U-U-U-A-U-U-U-A. The bases are color-coded: A (purple), G (green), U (blue), C (red). The strands are connected by hydrogen bonds represented by lines between the bases.
